Observations and Corrective Actions

7	Toys and class supplies were stored in the staff bathroom. Bathrooms are not clean storage locations. Class items stored in bathrooms can become a means of transfer for communicable disease pathogens including stomach flu. Please remove.
---	---

Additional Comments

GC: Covers for chairs, bean bags, and cushions in classrooms should be removed and hot washed and hot dried frequently. Covers should be washed at least monthly or more often if visibly stained.

Keep individual student blankets stored off of common seating areas and keep different individual student blankets and clothing items from touching.

Cleaning chemicals, chemical surface wipes, and aerosol disinfectants should be stored in areas out of reach to students and accessible only by staff. Examples: Store cleaning chemicals and aerosol disinfectant in closed or locked cabinets, closets, and stockrooms.
